AEVIS – value creation through acquisitions

- Since 2010, strong expansion of P&L and balance sheet thanks to internal and external growth
- In 2015, expected pro forma revenue of approximately CHF 600m (all entities consolidated over a 12-month period)

1H2015 Highlights

-  Important political and regulatory challenges for AEVIS
 - Abandon of Euro Cap and lowering of the interest rates in January 2015 by the SNB
 - Crisis in Russia with associated penalties
 - Political, economical and structural changes in the Middle-East countries
 - TARMED-Price decreases; lower baserates, adaptations to DRG System
-  Internal organisational challenges linked to the strong growth of the last four years (company tripled in size between 2011 and 2015)
-  Good acquisition pipeline for all AEVIS-divisions
-  One new clinic acquired in the canton of Neuchâtel – Clinique Montbrillant
-  Increase of the participation in Victoria-Jungfrau Collection AG to 100% and name change into AEVIS VICTORIA SA

 AEVIS' revenue is well diversified combining the healthcare activity with the hospitality and lifestyle activity of VJC

 Revenue growth of 8.2% due to acquisitions

 Slight decrease in EBITDA margin due to

- Seasonality effects for the VJC hotels, who are consolidated over 6 months for the first time
- Loss of revenues for several clinics because of extensive renovation programs
- lower TARMED reimbursement tariffs, adaptations to DRG System and
- Decrease of foreign patients for GSMN

1H2015 – Analysis and ventilation of the P&L

-  Elimination of the seasonal extraordinary effects of the first half year 2015 – normalised EBITDA of CHF 37.8 million (EBITDA-Margin of 13%)
-  Elimination of structural growth effects (contribution to losses of participations in restructuration, Personal and structural costs linked to growth) – pro forma EBITDA of CHF 49.5 millions (EBITDA-Margin of 18.4%)

 - More than 39'000 surgical interventions
 - Around 2'600 deliveries per year
- GSMN is managed by an experienced team with an outstanding track record and a broad network in the Swiss private Healthcare industry (with doctors, health insurers, health officials, etc.)

Strategy – “Buy, Invest, Reap” on a stable ground

Key achievements 1H2015

General

- Continued growth strategy lead to the expansion of the clinics portfolio to 15 clinics.
- Turnover of CHF 217 million, 2.3% above 1H2014
- Continued investments in infrastructure, processes and people

Politics / market

- TARMED price reductions of 8.5% for 2015 impact the reimbursement of Swiss clinics – GSMN will initiate additional measures to increase efficiency and cost-effectiveness
- DRG system changes together with reduced baserates further weighted on profitability
- Reduced number of foreign patients (penalties against Russia, abandon of Euro Cap, more competition – loss of sales of CHF 7 million)

Strategic milestones listed clinics

- Further consolidation of GSMN's presence in Neuchâtel with integration of Montbrillant in La-Chaux-de-Fonds early 2015
- GSMN progressed in terms of quality and further invested into its infrastructure
- The maternities of Privatklinik Obach and Privatklinik Villa im Park have been merged and centralised in Rothrist

Strategic milestones non-listed clinics

- Renovation works have been completed at Privatklinik Lindberg in Winterthur
- The maternities of Privatklinik Lindberg and Privatklinik Bethanien have been merged and concentrated at the Zurich location

Key projects 2015-2016

-  Continued growth strategy with the integration of further clinics and the recruiting of new admitting physicians

-  SHP also seeks to find additional surfaces on various sites, in order to ensure the further development of the GSMN clinic's
 - Increase the ground area ratio
 - Change of area plans
 - Search of buildings near to current clinics
-  Healthcare-related real estate is more resilient to market challenges as witnessed in the residential and office real estate market in Switzerland (less dependant of the economy, demographic evolutions)
-  SHP continuously evaluates further real estate acquisitions opportunities in healthcare related areas also focusing on public service providers
-  Integration of the VJC properties during the second half year

Victoria-Jungfrau Collection AG (VJC) – Good frequency and strong results during the summer months

- VJC is the leading luxury hotel group comprising four 5-stars hotels in Swiss prime locations Zurich, Bern, Lucerne and Interlaken
- The acquisition was a diversification move to consolidate AEVIS' strategic focus on “services for a better life”
- With the related hotels of La Réserve and Seiler Hotels in Zermatt the hotel network of AEVIS extends to 7 upscale hotels in Switzerland and 2 in France
- Strategy
 - Growth strategy investing in existing hotels
 - Focus on improved market positioning
 - Interlace Nescens in the hotel offerings to lever the healthcare network of GSMN
 - Build synergies with Michel Reybier Hospitality and Seiler Hotels Zermatt which are all under the same general management

Total	531	52'321	537

* Buildings fully owned by VJC

Key achievements 1H2015

General

- 100% integration of the luxury hotel chain into AEVIS
- VJC achieved a turnover of CHF 32.9 million (down 3.5% from 1H2014)
- The number of guests increased by 2% to 75'415 clients mainly due to a positive development of business groups and leisure groups
- The number of overnight stays dropped by 1.2% to 45'265
- The average room rate declined by 2.8% to CHF 345

Economic drivers

- Changing environment for the tourism industry in Switzerland when the Swiss National Bank decided to float the exchange rate against the Euro
- The strong Swiss Franc did provoke an overreaction of the industry as well as of clients
- The crisis in Russia and the devaluation of the Rubel led to a decline of Russian clients (approx. -20% compared to last year)
- Growing number of customers from China, USA and the Middle East (+20% compared to a year earlier)

Key projects 2015-2016

-  Ongoing optimization of the positioning of every hotel in order to be able to improve room and occupancy rates to continue organic growth
-  Further integration into AEVIS and La Réserve / Seiler Hotels in order to maximise synergies for cost-cuttings and marketing reach
-  Repositioning of the hotels by the development of the gastronomy offering
-  The management team will continue to exploited synergies in IT, sales and marketing, procurement as well as human resources
-  Negotiations in order to improve the rental agreement conditions in the hotels in Berne and Lucerne to allow for more financial and operational flexibility
-  Further optimisation of processes, systems, products and human resources in order to be able to adapt to the changes in the global market environments as well as to the changing travel habits

Nescens

 - Swiss Stem Cell Science – Stem Cell banking and research
 - Better Aging Spas (La Réserve, VJC)
 - Paris Spontini – plastic surgery clinic
 - Swiss Anti-aging Science – Cosmeceuticals

Outlook

- ✎ AEVIS is optimally positioned for the coming years, with independent, professional and experienced management teams for its three main businesses GSMN, VJC and SHP
- ✎ AEVIS expects to realise a turnover of approx. CHF 600 million in 2015
 - Based on an unchanged portfolio consolidated of a 12-month period
- ✎ For the full year 2015, AEVIS expects – on a profitability level – to neutralise the seasonal effects of the first six months and to compensate the negative regulatory effects by optimising processes and by a cost-reduction programme
- ✎ GSMN finished an important investment programme and disposes of outstanding clinic infrastructures
- ✎ For the coming years, GSMN will concentrate on increasing its performance. Combined with lower investment levels, this will enable a free cash flow increase
- ✎ In the mid-term, AEVIS continues to target an EBITDA margin of more than 20%, which implies a free cash flow margin of around 10%, on which a payout ratio of 30% will be applied
